

Warranty Information

X EQUIPMENT™ COMMERCIAL WARRANTY

Terms of Warranty

X Equipment provides a commercial warranty, effective from the date of purchase, exclusively for the original owner. This warranty covers both home and commercial use for up to 37.5 hours per week and supports a maximum user weight of 150kg. X Equipment will repair or replace any mechanical component that malfunctions due to defects in materials and/or workmanship during the warranty period, subject to the conditions outlined below.

Please note that this warranty does not cover normal wear and tear, damage resulting from negligence, misuse, abuse, modifications, or unauthorized repairs. It also excludes superficial scratches, upholstery tears, indentations, and rust. To prevent rust, store the equipment in a clean, dry environment. If used in coastal areas, regularly wipe down the equipment to minimize exposure to sea air. In case of a repair or replacement, the product may need to be sent to our facility for inspection before a replacement is dispatched. Parts repaired or replaced under this warranty will be covered for the remainder of the original warranty period. However, shipping costs, customs clearance fees (if applicable), and installation expenses are not covered under this warranty.

This warranty will be considered void if the safety, maintenance, and usage instructions provided in the manuals are not followed, or if the equipment is used for purposes other than recognized Pilates exercises. Additionally, it will not apply if the equipment has been subjected to accidents, abuse, improper servicing, or unauthorized modifications.

Warranty Duration

1) Metal & Aluminum Frames and Welded Components

10-Year Warranty

2) Wooden Frames & Spring Bar Mechanisms

5-Year Warranty Wooden frames must not be placed near heat sources like radiators or air conditioning units.

3) Foot Bar Mechanisms
